Breast Ultrasound Examination Phantom

Part No: KKMUS-6

A superior phantom for training in basic breast ultrasound examination.

**Skills**
- Basic breast sonography

**Features**
- Simulated targets with different echogenicities are embedded in the phantom mammary gland
- Embedded targets include lymph nodes, cyst, mammary ductal ectasia, benign tumour and malignant tumour
- Allows for the visualisation of:
  - subcutaneous adipose
  - mammary gland
  - galactophore
  - Cooper’s ligament
  - retromammary adipose
  - costae
  - clavicle
  - pectoralis major
  - lung
  - lymph nodes at axilla

**Package supplied**
- Breast phantom

| Packed weight (kg) & dimensions (mm) | 19  | 57  | 44  | 28  |

Benign tumour

Mammary ductal ectasia

Lymph nodes

Malignant tumour

Cyst

NEW
Strap-on Breasts

Part No: 40100

For training in the examination of the breasts, axillae & clavicular regions, and for the communication skills involved.

Skills
- Professional-to-patient communication (When worn by male trainees they can gain a greater empathy with female patients by experiencing breast examination)
- Recognised examination techniques
- Identification of anatomical landmarks and lymph nodes
- Diagnosis of pathologies

Features
- Two part model:
  - easy-fit support vest which is worn by a fellow student or a mannequin
  - soft tissue chest (including lower neck, clavicle and axillae) which attaches to the vest
- Soft tissue looks and feels realistic
- Breasts are of realistic weight with significant ptosis
- Supplied with normal nodes on one side and enlarged nodes on the other
- Lumps & Bumps Pathologies Set (cyst, lipoma, fibroadenoma, carcinoma) can be placed in various positions between the soft tissue chest and the breast infills
- Skin surface is washable using soap and water

Package supplied
- 1 Lumps & Bumps Pathologies Set Part No: 00125
- 1 easy-fit vest
- 1 soft tissue chest
- 2 breast infills
- Laerdal Resusci® Anne adaptor kit

Examination & Diagnostic Breast Trainer

Part No: 40044

A life-size realistic breast used for training in examination procedure and diagnostic techniques.

Skills
- Recognised clinical breast examination technique
- Diagnosis of pathologies:
  - carcinoma
  - fibroadenoma
- Aspiration of a cyst
- Self-examination technique

Features
- Breast is warm to the touch
- Responds to gentle palpation in an extremely lifelike way
- Simulated carcinoma and fibroadenoma
- Benign cyst for aspiration
- Variable cyst volume (adjusted using a hidden refillable reservoir attached to the underside of the breast)
- Lightweight and compact base allows for:
  - self-examination (when held up against chest)
  - table top presentation
- Skin surface is washable using soap and water

Package supplied
- 1 Examination & Diagnostic Breast Part No: 40040
- 1 Breast Aspirant (50ml) Part No: 40106
- 1 rigid two-part plastic base

Clinical Female Pelvic Trainer (CFPT) Mk 3 - Standard

Part No: 60900

In response to customer feedback, the new CFPT Mk 3 has been designed with three major improvements in mind:
- greater durability: new materials are harder wearing
- simplified design: model is easy to disassemble and uterine modules are quickly and easily changed (no clips or screws)
- greater variety of modules: each with a different combination of uterine & cervical anatomical variations, and additional pathologies

Presents accurate anatomical and tactile representation of the female pelvis for hands-on examination and diagnosis of pathologies and abnormalities. It can be used for many levels of training from undergraduate onwards, as well as family health.

Skills
- Recognition of perineal and pelvic anatomy including bony landmarks
- Digital vaginal examination
- Bi-manual examination
- Cervical smear procedure (including use of speculum)
- Digital rectal examination

Features & Improvements
- Interchangeable uterine modules with different complications are available (must be ordered separately)
- Modules can be changed quickly and easily
- Each uterus is presented at the correct anatomical angle
- Each cervix is more pronounced, as in real life
- Soft and strong perineum & labia
- Labia can be parted more realistically
- Anus and lower bowel is present in all Modules
- Abdominal wall with fat layer makes palpation more realistic
- Partial thighs aid anatomical orientation
- Water-based lubricant supplied to aid digital examination and use of speculum
- Modules can be easily cleaned to remove lubricant
- All components are latex free

Package supplied
- 1 CFPT Abdominal Insert Part No: 60910
- 1 CFPT Module 1: Normal - Nulliparous Cervix Part No: 60920
- 1 lower torso
- 1 carry case
- 1 base
- 1 tube of aqueous gel

Clinical Female Pelvic Trainer (CFPT) Mk 3 - Advanced

Part No: 60905

Package supplied
- 1 CFPT Mk 3 - Standard Part No: 60900
- 1 CFPT Module 2 Part No: 60921
- 1 CFPT Module 3 Part No: 60922
- 1 CFPT Module 4 Part No: 60923
- 1 CFPT Module 5 Part No: 60924
- 1 CFPT Module 6 Part No: 60925
- 1 CFPT Module 7 Part No: 60926

Images above are for information purposes and show a simplified representation of anatomy within the CFPT Modules.
